CATERING

THROUGHOUT THE DAY...

OPTION 1: HUDSONS

Take the stress away and allow us to arrange everything from arrival fizz to licenced bar. Our extensive wine list compliments our wedding menus perfectly, priced from £14.00 per bottle. As well as wines, we can organise your favourite beers, personalised cocktails & non alcoholic alternatives. We'll provide an estimate of drink quantities you're likely to go through on the day, and you will only be charged post event for the exact bottles opened. Don't see your favourite listed? Just mention to our team and we can price for this. The price per bottle includes any fee required for serving, chilling, glassware & equipment. We can't make it any easier!

OPTION 2: CORKAGE / £7.95 PER PERSON

You also have the option to supply your own drink for the duration of the day, up until our licenced bar is open exclusively following the meal. We will provide you with a guide on how much drink to purchase in advance and once you deliver it to the venue we'll take control of chilling, serving as well as providing the appropriate glassware & equipment. Any remaining drink following the corkage period will be moved to a safe place for you to collect the next day.

INTO THE EVENING...

LICENSED BAR / £60

Available to open as early as you prefer, whether that be pre ceremony or before the meal. Our bar includes a large variety of beers, ciders, wines, spirits and soft drinks as well as premium options. Either provide a bar tab payable post wedding, or allow your guests to pay their way. Cash and card payments accepted.
